

SUPERKIT®

BY-PASS VALVE AND CARTRIDGE FILTER

- Maximum flow with minimum pressure loss
- Single-handle by-pass valve for easy operation
- Optimum prefiltration for best system performance
- Quick filter changes don't require tools
- Large 1.25" plumbing connections

What Makes the Kinetico SuperKit Different?

High Flow System: Entire system uses 1.25" connections to deliver the highest flow at the highest pressure. Perfectly suited for larger plumbing.

Single-Handle Control By-pass: Easy-to-operate valve with color-coded positions for service, by-pass and off.

Quick-Change Filter: Removes sediment to protect your water treatment investment. Easy pressure relief. Tool-free filter changes. No lost wrenches.

Variety of High Performance Cartridge Options: High flow cartridges offer a large surface area for improved filtration.

Convenient Connections: Makes the addition of drinking water systems and pressure gauges simple, easy and accessible.

Robust Construction: Heavy-duty materials and lock-together parts stand up to adverse conditions and corrosive environments.

Outstanding Warranty: Dependability and peace of mind.

Note: Sumps are available in clear (10" only) and black (10" or 16"). 10" clear sump is for indoor use only.

Kinetico SuperKit shown with Kinetico Premier XP® Water Softener Model S250 XP, sold separately.
