The World's Most Efficient Kinetico Premier XP Water Softener models will give you more soft water, use less salt, save you money and reduce your carbon footprint.

*Kinetico Premier XP® models:
S650 OD XP and Q850 OD XP

Non-electric • Fully automatic • Always soft water

HELPING YOU CONSERVE, PROTECT AND CHERISH YOUR WATER

*Kineticco Premier XP® models:
S650 OD XP and Q850 OD XP

Our World's Most Efficient Water Softener models provide more soft water from each bag of salt than any other water softener you can buy.

Some brands may claim to have the most efficient water softener, but Kineticco has the data to prove it.

Our claim is based on independent testing by the Water Quality Association (WQA) to NSF/ANSI Standard 44, an industry-standard efficiency rating measuring the amount of hardness removed per pound of salt.

With the Premier S650 OD XP and Q850 OD XP, you'll enjoy HIGH EFFICIENCY and so much more:

- Space-saving, compact size
- Soft water available any time, day or night
- Innovative non-electric controller
- Industry-leading warranty for peace of mind
- Legendary Kineticco reliability

Find out if one of our World's Most Efficient Kineticco Premier XP Water Softeners is the right fit for your home.
